OUR MISSION

Love Serving Autism's mission is to expand life skills, especially functional communication, through multidisciplinary specialized racquet sports instruction to increase community inclusion and independence of individuals with Autism Spectrum Disorder (ASD) and Developmental Challenges. The goal is for the participants to apply their newly learned skills throughout the community, including school, workplace, social/recreational gatherings, and home settings. We provide education and training to coaches and tennis professionals for an adaptive tennis specialization in the industry.

MEET LISA PUGLIESE-LACROIX

Founder and CEO of LSA

Lisa is a Speech-Language Pathologist in the field of autism and special needs. For 21 years, Lisa has specialized in the evaluation and treatment of children with Autism Spectrum Disorders.

A former collegiate tennis player at Duke University and the University of Florida followed by the WTA tour, Lisa enjoys combining her tennis experience and speech therapy background to teach the sport to children and adults with Autism Spectrum Disorders and Developmental Disabilities

After working with children for 6 years as a Program Director for a national non-profit serving the autism community, Lisa was inspired to be able to develop her own local non-profit, Love Serving Autism, a 501(c)(3) organization in August 2016.

Lisa has a Master's Degree in Communication Sciences and Disorders from Florida Atlantic University and is certified by the United States Professional Tennis Association. She is the Chair for the USPTA National Adaptive Task Force and the Co-Chair for the USTA National Adaptive Training and Education subcommittee.

“Love Serving Autism is an incredible organization near and dear to my family’s heart. My son, Jordan, who has ASD, enjoys learning tennis amongst his peers. The LSA coaches and therapists are incredibly patient and sweet, and make the tennis experience for my son and his friends at school a wonderful one every time he is engaged. We are so grateful for LSA and knowing our son feels like he’s a part of a team is everything!”

Lori Solodkin, LSA Parent

ABOUT THE MATCH POINT GALA

October 19th, 2024

The Match Point Gala is an annual fundraising and awareness campaign hosted by Love Serving Autism. Each year, the staff and Board of Directors nominate “Legacy” candidates, philanthropic leaders in the community, who truly represent the LSA mission with a passion and dedication to help build the community and raise awareness and needed funds for Love Serving Autism.

This friendly yet competitive fundraising campaign will begin in April and run through October. The "Match Point Gala", a dinner gala at the Woodfield Country Club on October 19th, 2024, will feature a three-course dinner, open bar, silent and live auction, guest speakers, fabulous entertainment, and award presentation. Our Racquet Sports Mission Clinic for the gala at the Woodfield Country Club will be held prior to the gala in September with the purpose of highlighting our program and to celebrate inclusion in the community. All Legacy candidates/teams will be honored and recognized the night of the Match Point Gala, and one will be crowned the 2024 Love Serving Autism LEGACY of the YEAR winner.

All funds raised will help ensure current South Florida Love Serving Autism programs serving individuals throughout Florida are sustained, with a focus on continued programmatic and therapeutic growth. Love Serving Autism's goals are to support individuals on the Autism Spectrum to develop life skills and independence on and off the courts. Funding from the Match Point Gala will also support our goal to establish an "INTERACT Facility" in 2025 to serve as a training and program facility providing inclusive indoor therapeutic tennis and multi-sport facility for typical and neuro-diverse children and adults.

OUR MISSION

Love Serving Autism’s mission is to expand life skills, especially functional communication, through multidisciplinary specialized therapeutic racquet sports instruction to increase community inclusion and independence of individuals with Autism Spectrum Disorders (ASD) and Developmental Challenges. The goal is for the participants to apply their newly learned skills throughout the community, including school, workplace, social/recreational gatherings, and home settings. We provide education and training to coaches and tennis professionals for an adaptive tennis specialization in the industry.

Our sponsors help raise funds so that we can help every family in need.

WHY THE MATCH POINT GALA?

We are raising funds to achieve our mission, further the growth and sustainability for Love Serving Autism, and ultimately, reach our long term goals, like the "Interact Facility" shown above. The purpose of this facility is to establish and operate an inclusive indoor therapeutic tennis & multi-sport facility for typical & neuro-diverse children & adults to:

- Advance fitness, physical and life skills, sports, inclusion & well-being
- Serve 2,000 participants in person & 400 virtually per year
- Train & certify 100 tennis pros annually to coach adaptive tennis & pickleball
- The facility will provide for year-round therapeutic tennis & pickleball classes; tournaments; & professional development

Our sponsors turn this vision into a reality....
